PREFACE

It is often heard of that 'Destiny cannot be checked' and that is why; perhaps, nothing could save our beloved son Ramanuj Gupta (Raja) from the hands of inevitable destiny. He left for heavenly abode on 14th November, 1997 on account of sudden and severe cardiac failure at the age of 23 years only. In spite of being aware of the saying of Shakespeare 'All that live must die' his departure from amongst us has created a great vacuum which would never be filled up. Still we have consoled and comforted ourselves by resting our faith on the maxim 'whom the Gods love, die young'.

In fact, Ramanuj had all the qualities of head and heart. He was gentle, honest, sensitive, selfless, obedient and accommodating. His heart always cried for the poor and the needy. He possessed a very special knack for science subjects and thereby he comfortably passed Computer Engineering from B.I.T Bangalore obtaining 1st class marks. He was going to join Motorolla Group of Companies but death departed him from all that he had. Above all, he was in love with poetry and he also spilt ink to write quite a good number of poems.

*During his brief span of life, he always wanted to make his services available for the society in which he lives. Ramanuj had his dreams and vision. In order to make his dreams a reality, we have taken the initiative to setup "**Ramanuj Gupta Memorial Charitable Trust**". The main objective of the Trust is 'Service to the poor with potentialities. The Trust believes it heart and soul that 'God loveth a cheerful give'. The maiden venture of the Trust was the establishment of one full-fledged Science College here at Silchar, situated in the southern part of Assam. The college is known as "**Ramanuj Gupta Junior college of Science and Arts**" and a high school named as "**Ramanuj Vidyamandir**". A good number of renowned educationists and veteran teachers of this town have been extending their helping hands in all possible ways to make both this project a great success.*

We will also not willingly forget the generous donors who have stood beside us in order to translate the dreams of our lost son Ramanuj into practice. It would be a matter of great consolation for us if all of you extend your co-operation and help to us in the coming days too.

Ramanuj is no more with us but in the words of Tennyson, 'he seems so near and yet so far' and that very feeling of nearness perhaps inspires us to do something which would give rest and peace to the departed soul of our beloved son.

IMMORTAL SOUL

A fragile miracle's momentary regain is usurped ;

It was destiny.

The system fails, its chemistry haywire,

Its the beginning of the end.

Nostalgia overwhelms,

Feelings but expression in the freckle of tears,

Vague images of broken dreams,

Shattered aspirations, wasted years,

Come alive, disturb thoughts,

Pleasant memories then edge their way

Into the crowded mind.

Bring peace and quite repose

to the tired rheumatic frame.

A blink light, a warmth unknown,

Beckons the soul to an alien world,

A journey begins down the long path

So I've heard it said

There's never an eternal end

Only an end for a new beginning.

Ramanuj Gupta (Raja)

SCHOOL FOUNDATION DAY

ACTIVITY OF THE SCHOOL

ACTIVITY OF THE SCHOOL

Golden Day A Ray of Hope

*Out of the blue lightning struck
Bursty the joys that life could give
I lost my dreams I held so dear
I lost my will to live.*

*Bright colours of life faded away
Frustration my sole company.
Yet I grope in the dark for that ray of hope
I won't surrender to cruel destiny.*

*"There's a silver lining behind every dark cloud"
I've heard people say
If these words be true then I'll wait,
I'll wait for the golden day.*

Ramanuj Gupta (Raja)

We want that Education by which character is formed, strength of mind increased, the intellect is expanded, and by which one can stand on one's own feet.
